

Take your smartphone and focus on reviewing the rural idyll while having the experience of meeting the bee community, wine tasting, horseback riding and Oldtimers ride adventure!

WHAT TO EXPECT

For a weekend in which we combine photography, nature, and outdoor activities you only need a charged battery on your smartphone or a camera and excitement for a combination of active vacation and rural photo adventure.

Day 1:

In the morning hours, we greet at your accommodation in Garešnica town. With introductions and a welcome drink, you will be accommodated in your home for the next 2 days. When you are settled in, we'll visit the property of the first Croatian Bee Hotel with a 5 *. Surrounded by forest, meet the valuable "bee community", its products, and have fun with the additional experience by photographing in the beekeeping suit. Find out how to "catch" a honeybee in a flight, how to photograph a small object like bees and flora that surrounds the area. When the relaxing time comes, you'll have experience of an air inhalation at the "Api Chamber" and a tasty domestic lunch in this calming nature area.

After learning how to photograph a small flying object, we will head off to a nearby local winery where we'll experience a famous quote from J.W. von Goethe "Wine rejoices the heart of man and joy is the mother of all virtues." We focus our camera lenses on the greenness of the fruit from which magical wine drops with the purpose to relax each palate. A visit to the winery is, of course, followed by tasting three quality wines.

With beautiful Moslavina greenery, we continue the challenge of photography to the nearby horseback riding club. "Capture" the movement of a noble animal with a firm and proud attitude, "capture" the coexistence of man and horse, and share the best photos with your friends on social media to show off your photographic skills.

Day 2:

After a morning coffee, it's time for an exciting ride in an oldtimer car or a tractor followed by a panoramic tour of the Moslavina region landscape. Exploring and taking photos of the fishponds and unique experience where "each village tells its own story". This special area hides the biodiversity of flora and fauna which is part of the Natura 2000 nature conservation network. After the tour, we'll have a traditional snack in the small village of Kajgana and the house of our oldtimer hosts. Chatting and exchanging impressions with your comments and new experience from which, we believe, you'll have great new photos. At your request, before returning home, we are able to make a Mini Photobook with your works, which can be a great souvenir and a reminder of an active photo weekend in this small Moslavina region.

<i>Price per person</i>	<i>690 kn</i>
<i>Included:</i>	<ul style="list-style-type: none">✓ accommodation in garešnica town for 1 night✓ sightseeing of the first croatian bee hotel with 5* with honey treats included (coffee, juices, homemade gingerbread, air inhalation at the api chamber, beekeeping suit experience)✓ lunch on your first day stay✓ tasting 3 sorts of quality wines at the local winery✓ horseback riding experience✓ oldtimer ride experience✓ traditional lunch on the second day of stay✓ tips and tricks from a professional photographer during your two-day stay✓ tour leader during two days stay✓ organizational services, liability insurance, guarantee insurance
